

## Poseur of the Year 2017.

On a cold winters day, he was feeling rather gay.  
He finds himself, at Eccy Delph, looking like, a likkle elf.

But, with great pride, he took a stride and thanked the Lord,  
there was no tide.

For it's with a blush of that unwanted gush.  
That realisation, of a horrid sensation.

For it's in that dip, he remember his zip.  
Oh what a drip, I think he should strip.

There goes his pride, as he heads for the side.  
With great rush... and not feeling so lush.  
He exits the slush... needing a flush.

So it's at great price, he has some advice  
You must always think twice, about your device.  
For being unzipped, is rather of script... And can of course,  
get one a bit whipped.

So it's with great pleasure, I present this here treasure,  
To my fine buddy, the good Mr Ruddy.
